FOREGO BY

When Manhattan College's rowing crew lost a race to Rollins College, Florida, recently, coxswain of the winning crew was Miss Sally Stearns, shown here, coxed at Rollins. She was regarded as a boy in the Rollins boat and steered her crew to victory. The he-man rowing crew from Manhattan were amazed and not a little chagrined for the win when the opposing coxswain, who, we think they should have been glad even to lose to Sally, she stands only five feet two inches high and weighs 110 pounds.

FOREGO BY

With new arrivals daily by air adding to the number of men already on the ground unable to secure employment in the situation in Goldfields, new mining town on the shores of Lake Athabasca, is serious according to reaching Edmonton today. Most of the new arrivals are inexperienced, having been lured by Goldfields by the "corps of the richness of the field, and already some of them are dependent on the charity of residents of the town.

BAND AN' ALL TO START OFF

Edmonton's Northern Alberta Baseball League season will open at Renfrew Park on Tuesday evening with all the ceremony and style that tradition has built up around opening.

The famous death Battalion Band will be out in full force to play before the ceremonies get under way after the Grads will also be guests of honor, making what will probably be their final full dress appearance as a unit in public before leaving on their European trip.

Leaders in Alberta public life have also been invited to attend and take part in the opening feast.

These are His Honor Lieutenant-Governor Walsh, Premier W. A. A. Clarke and Chief Justice McMurdo of Wetaskiwin, president of the Northern Alberta League.

The ceremonies will start promptly at 6:15 p.m. under the direction of Jack Horler. With 14 men in the uniform of each club, the Cardinals and the Grads will form up on the third base line, accompanied by the Grads. Lead by the band, the three teams will march to the pole in centre field for the flag raising, marching back to the plate past the first base bleachers.

Play will start promptly at 8:30 p.m. with John Ducey in charge as umpire.

SWEDISH CABINET RESIGNS POST

STOCKHOLM, June 15.—The Social Democratic government of Sweden, headed by Premier Per Albin Hansson, resigned today.

Premier Hansson handed in his cabinet's resignation as a result of Saturday's defeat in the Riksdag on the issue of old-age pensions.

A measure increasing pensions in certain districts where the cost of living is high was voted down 115 to 107 in the lower house and 81 to 64 in the upper house.

Political circles predicted a new cabinet would be formed by the Farmers' and People's parties to hold office until the September elections.

The cabinet of Premier Hansson was formed Sept. 24, 1932.

TROPIC STORM HITS FLORIDA

FORT MYERS, Fla., June 15.—A tropical storm swept in from the Gulf of Mexico today, which isolated one town south of here and drove hundreds of persons from beach-front homes.

The centre of the disturbance apparently passed over Naples, 40 miles south of here, shortly after midnight. Forty-mile-an-hour winds were accompanied by torrential rains which raised a flood menace all over extreme southwestern Florida.

BARON ALOISI QUITS OFFICE

ROME, June 15.—Baron Pompeo Aloisi, who represented Italy as delegate to the League of Nations, presented his resignation to Premier Mussolini Sunday as chief functionary of the foreign office.

"I have thanked Aloisi for his services at Geneva and announced the Baron would continue to serve the foreign office."

Well informed sources characterized the change as a "normal" move arising upon appointment of Count Galeazzo Ciano, Mussolini's son-in-law, as minister of foreign affairs. They added it did not necessarily mean Aloisi would relinquish his post as delegate to Geneva.

Claim Sufferer Hay Fever Cure

LONDON, June 15.—A new 90 per cent. successful cure for hay fever was claimed Sunday by the physician department of St. George's hospital after five years of intensive research and experimentation. The treatment consists of the electrical application of a "curing" of limited size to actual tissues of the nostrils by a process similar to electro-plating.

Best Wishes For a Successful Season to the Northwestern Baseball League

For its contribution to good sport entertainment.

JOSEPH A. CLARKE
MAYOR
City of Edmonton

Crowning over three months of negotiations, organization A and preparation, baseball returns to the capital Renfrew Park tomorrow at 6:15 p.m. with a smashing big opening as the Edmonton Motors Cardinals and Shastas, Edmonton's two new teams in the Northern Alberta League, clash in the first city game of the schedule.

This new league and new teams come in response to a general demand by the fans for better and faster baseball. Past experience has shown that it is financially impossible to field four city clubs of the calibre demanded. The solution lay in interesting two outside points in fielding teams, and Ponoka and Wetaskiwin are the winners. The new league is the most compact and geographically sound that could be arranged. No club is obliged to travel more than 60 miles and no overnight stands are necessary, which eliminates a crushing overhead burden.

Dick Speer, manager of the Cardinals, brings a wealth of baseball experience to the job. He has been playing and coaching in organized professional baseball for 36 years. He was a member of the Detroit Tigers' pitching staff for two years when Ty Cobb was setting the pace for the club, and he has managed certain teams in the southern and half dozen other leagues. He believes in giving the fans the very best that can be produced, and his Cards are proving that he knows how to build up a team's ability.

WELL KNOWN COACH
Gene Bankston, who will manage the Shastas, also has made a name for himself in baseball. He is the present coach at Oxnard College, just outside of Los Angeles, a few years ago was assistant coach of the University of Southern California. In addition, he is the chief scout for the Boston Red Sox in California. Ball players are his business and he knows them from spikes to caps.

Between them, these two managers have brought some 15 ball players into Edmonton during the past ten days, picking them from Pacific Coast leagues, from various college teams and from various points in the Canadian west. With these seasoned men as a basis, Speer and Bankston will fill in the balance of their rosters with local players whom they felt certain they had developed into first-rate material.

Ponoka, 1935 senior champions of the province, have had to completely rebuild their pennant team, and at present have a squad of seven men from various Pacific Coast leagues.

leagues as a nucleus. Several more men are on their way to join the Panthers, who should be galloping along in winning form very shortly.

WETASKIWIN DETERMINED
Wetaskiwin, runner-up to Ponoka last season for championship honors, have also been compelled to rebuild their club and have drawn off the best players they could get from several California leagues. Like the Panthers, they are determined to have a winning club. They missed the Calgary pro club a 10-5

drubbing on Saturday which seems to indicate that they have considerable power on tap, but if this is not sufficient to win, they are prepared to strengthen immediately.

Renfrew Park games will be presented in full-dress, major league style. All the little details that go into putting a game over smoothly have been carefully planned. When fans click the turnstiles, they are assured of the best baseball show that can be presented in Alberta today.

One-Sided Triumph By Margin of 15-5

Speer-Coached Crew Works Smoothly, But Panthers Have Bad Day Before Large Home Crowd

OPENING GAME HERE TUESDAY

BY JACK KELLY.
(Edmonton Bulletin Sports Editor)

FONOKA, June 15.—Gathering a round dozen of hits and making the most of practically the same number of Panther errors, Edmonton Cardinals cantered through to a 15-5 win over Ponoka in the opening game of the Northern Alberta Baseball League here Sunday afternoon before an

It was a sad slarri for the Panthers, 1935 senior champions, who ruled Alvirta baseball last year with thundering bats. However, they were forced to open without their new catcher, who will not arrive before Tuesday. In order to make a game possible, Tetawiskiw Indians loaned Ponoka their second string snubber, Simas, for Sunday's game. Simas was decidedly off and his arm in bad shape. Four or five Cardinal runs were the direct result of misplays by Simas. At the same time, most of the Panthers were having a real old-fashioned bad day—in fact it would chill your blood to think of it—by losing a day that was worse.

Speedy had his Cards, a playing head-up ball from start to finish. Edmonton fans can rest assured that they have at least one footballer to watch on the gridiron. The ball team, led by quarterback Howard, was going to push them around very much. Turned out in smart new uniforms, the Cards looked and acted like a first-class ball club.

in the ninth. The Cards scored again until the eighth, sixth arrived. After running wild around the bases to collect eight runs in this inning, the Cards counted on in the seventh and their fifteenth and final one in the eighth.

PANTHERS RALLY

Panthers staged a short rally in the eighth. The Cards ran but

could not make it last any longer. Brouwer put a finger and then a spoon, several spoons on one of Louis Winters' feet and drove a point out of his park over the deep, right field fence for a home run.

Two double plays, both by Ponaka, were chalked up. Cecil Lamm cut off a long drive with a running catch and whipped the ball to Pimentel as second to catch Ed. McElroy well on his way to third. McElroy continued with Pimentel double.

NO COMPARISON
Under the circumstances it was next to impossible to get much of a comparison of the clubs. The Cardinals coasted throughout most of the game as the Panthers tried

to find themselves. They were never under pressure, but they basked in it. The game had to be hard to play. Ponoka is much better than Sunday's score would indicate. The Panther pitchers, Bias and Perry, were throwing to a strange catcher, while the team was playing together. Ponoka was the first time three players having moved from California late Friday night.

A BEDTIME STORY

Story by HAL COCHRANE Pictures by GEORGE SCARBO

The Trinitites were tucked pink and Goldy announced, "Just to think that we are going to ride the kite!" The magic man is in. "He's sitting way up there at ease, just floating onward with the breeze. Perhaps the kite will take us some place we have never been." "What does it matter where we go?" said little Cappy. "All I know were told to climb aboard the way. The magic man is waving. Oh, the kite is going to land." That's just what happened. On the ground, the little kite stopped, safe and sound. "Now it's your turn," the magic man said. "My flight was just grand!" The Trinitites, all brave and bold, just couldn't wait till they were told to climb aboard the

is that I want to get away from this place pretty soon. "We've been here long, it seems to me, and all that there is to see is a ball of fire. At least, so I have heard. "I'll take the kite's long cord and run--the magic man said. On what you'll be to help you get away. If everything all set!" "Sure thing," yelled Scouty. "You're real fast until you get up, as just. That's what the old man did, and all the Times yelled, "Hurry!" The Times sail through the air in the next story."

RUMOR HITLER, NAZI OFFICERS UNDER THREATS

Terrorist Campaign Waged By Followers of Slain Brownist

PARIS, June 15.—The Berlin correspondent of the newspaper *Paris-soir* said in a dispatch last night that a secret organization of the followers of Captain Ernst Roehm, Brownist leader slain in the Nazi "blood purge" of June, 1934, is waging a terrorist campaign against officers and threats against Nazi officials.

Seven Reichsführer, Hitler, the secret agent, and other Nazi officials have received threatening letters from the "Brownist" (Hörsing Roehm) organization.

MANY BODIES FOUND
It was stated further the bodies of many murdered SS (Schutzstaffel) and SA (Sturmabteilung) members have been found in isolated spots, with the initials of the second group, "H.R.", scratched over their chests in chalk.

Roehm had 20,000 Brownist followers who swore to avenge their chief after the "blood purge," the dispatch declared.

TOO WELL GUARDED
Because the high Nazi chiefs are too well guarded, the "Brownist" has waged war on those factions of the SA and SS which took leading roles in the assassinations, the *Paris-soir* reported.

BERLIN, June 15.—A spokesman for the propaganda ministry said last night a Paris newspaper report that Brownist troops had been killed by followers of the late Ernst Roehm and that Reichsführer Hitler had been threatened was "non-sensical."

The ministry denied the existence of any "Brownist organization," adding "there never will be any."

Three Hurt In Westlock Crash

WESTLOCK, June 15.—Three people, aged 12, in the Immature hospital, Westlock, with serious head and body injuries received when he was riding on a motorcycle, were hurt in a crash Sunday night.

M. Williams and Miss Margaret McDougall of Pithou, in a motorcycle in Mr. Williams' car, were badly cut up by the crash. Neither the running injured, although both cars were badly damaged.

Far Too Old For Speaking

GEORGE BERNARD SHAW

NEWCASTLE-ON-TYNE, June 15.—Bernard Shaw, announced Saturday night he would discontinue public speaking engagements because of his age. He will be 80 years old in July. "I am far too old," he told an audience.

U. M. W. WARNS OF SHUT-DOWN

WASHINGTON, June 15.—Blunt warnings from the United Mine Workers that they intend to shut down the gigantic soft coal industry if the Guffey-Vinson coal control bill fails to pass at this session of the United States congress and wage cutting comes, brought Senate hearings on the measure to a close Saturday.

John L. Lewis, leader of the miners' union, told the Interstate Commerce committee his organization would resort to "our only weapon" if operating groups go ahead with plans he said they had already for use in the event the proposed legislation failed of enactment.

Lewis threatened a day in which segments of federal regulation of the industry controlled the proposed bill would "destroy the industry eventually and do more harm than good."

YUKON RIVER STEAMER IS TOTAL WRECK

Klondike, Once Pride of Upper Rivers Founders On Rocks

WHITEHORSE, N.T., June 15.—The river steamer Klondike, once pride of the upper Yukon rivers, last night was a shattered wreck on the bottom of the Tetlin river, 30 miles north west of the stern-wheeler fleet to the treacherous current.

Captain C. M. Coghlan, master of the ship, which struck a rock and foundered within a few minutes Saturday said he believed the boat he and part of her plankton team lost, was a total loss.

He placed loss including the heavy cargo, he carried at \$30,000. Quoted as saying Captain Coghlan in ordering the boats away as his ship struck and listed heavily, saved the lives of 30 passengers she carried and her crew.

Only casualties of the wreck were two horses, stowed below decks and unable to escape as the 210-foot ship settled to the river bottom.

STRUCK ROCKY LEDGE
En route from here to Dawson, the Klondike passed her way down 30 miles of the river and then struck a rocky ledge while rounding a bend in the river five miles north of Hortaingia, and part of her boiler was damaged.

Her engines disabled with the inrush of water, the drift with the current while the crew hurriedly launched the boats and took the passengers ashore. In plays, food and blankets accompanied each load of passengers ashore.

WEDGED ON SANDBAR
The Klondike, her decks awash, drifted five miles downstream and finally became wedged on a sandbar, where her superstructure showed above the swirling waters.

As she foundered, the crew attached their portable telephone to the government telegraph line along the shore and informed their office of the tragedy.

The river steamer Whitehorse left here immediately and last night was expected on her way to Dawson to land the passengers at their destination.

Boy Injured By Hit, Run Driver
Knocked down by a hit and run driver, while riding his bicycle in the lane north of Jasper avenue on 101 street, Ted Smith, 17-year-old son of Mr. and Mrs. J. H. Smith, suffered a skull fracture and other injuries. This was the only accident reported over the week-end.

Noted Critic, Author Dies

G. K. CHESTERTON

BRITAIN LOSES DISTINGUISHED AUTHOR, CRITIC

G. K. Chesterton Dies Sunday of Heart Attack At Country Home

BEACONSFIELD, Eng., June 15.—G. K. Chesterton, 61, distinguished author and critic, died Sunday of a heart attack at his Buckinghamshire country home, "Toad Hall."

He became ill after returning from a holiday in France a week ago. His wife was with him when he died. Funeral services will be held Wednesday.

BECAME CATHOLIC
Chesterton became a Roman Catholic in 1922, and afterwards was an outstanding champion of his new faith. He was converted partly through the influence of his most intimate friend, Hilaire Belloc. Mr. Chesterton became a Roman Catholic four years later.

One of the weightiest men in literature in a physical as well as a mental sense, Chesterton often joked about his own bulk. His outspoken criticisms in his writings and public addresses frequently led to controversies.

ESTABLISHED PERIODICAL
In 1928 he established his own periodical, "G. K.'s Weekly." His writings included criticism, poetry, essays, novels and plays. Among his best-known works are the Father Brown stories, The Napoleon of Notting Hill, The Club of Queer Trades, The Ball and the Cross. He wrote an autobiography in 1931 of this year.

Chesterton was an occasional visitor to Canada and the United States. He was born in the Kensington district of London in 1874.

LAKE WATERS CLAIM LIVES OF FOUR MEN

Boat Capsizes in Heavy Wind On Round Lake, Saskatchewan

MEVILLE, Sask., June 15.—Rough waters of Round Lake, Qu'Appelle valley summer resort, 40 miles southeast of Merville, Saturday claimed the lives of four men when their boat capsized in heavy wind on the lake's first fatality on the lake.

THE DROWNED
TED WRIGHT, 46, of Dubuque, Ia., was one of the four.

TED TREMBLAY, 26, of Dunsmuir, Ont., who stepped from the boat, was a farmer in the Qu'Appelle valley.

HERB BENTLEY, 34-year-old music teacher of Merville, Bentleys' body was recovered Sunday afternoon while dredging crews continued the hunt for bodies of the other three.

TURNED BOAT FOUND
Searchers found the overturned boat the men were using 200 yards from the shore, upside down. Constable N. F. Bennett, of the Merville detachment of the R.C.M.P., and a search for the bodies was started.

The boat's anchor, dropping out, held the overturned boat where the accident is believed to have occurred and a buoy was set out to mark the spot.

IN 20 FEET OF WATER
Bentley's body was found in 20 feet of water, only 15 feet from the location marked out by the buoy. Nearby the minute net was found.

Dr. S. W. Baker, coroner of Whitehead, said an inquiry was unnecessary, released Bentley's body and it was taken to Merville.

BAD PUNS ON CITY SCHOOL CURRICULUM

The last laugh but a pleasant one went to D. L. Shorliffe, well-known teacher of mathematics at Victoria High School, when he roared his class with a well-timed sally this week.

"You know, students," he said to a grade 10 class, "it used to be the custom for classes to present their papers by the apple on the last day of school."

Taking a chance on the general teachers' good nature, a bright student conspicuously aimed the apple on one of the neatly proportioned, with a note reading, "In appreciation of your venerable services."

Next morning Mr. Shorliffe stood before his class, shaken with emotion, a tremor in his voice, and addressed them. "It's things like this that bring tears to my eyes," he said.

DEATH RIDES MOTOR CRAFT

DIGBY, N.S., June 15.—The tiny motor craft Albright, freighted with four passengers, was killed Saturday afternoon when it was struck by a shipper Capt. David Reid, escaped explosion from gas fumes, which cost the life of Engineer, Wallace Eldridge of Yarmouth.

DEATH PENALTY IN PALESTINE
The captain said he called down to Eldridge, who was tinkering with the engine, for more speed. He received no answer and when he went below he found the engineer dead and nearly became prey to the fumes himself.

DEATH PENALTY IN PALESTINE

JERUSALEM, June 5.—The Palestine government invoked the death penalty last night in a determined effort to stamp out lawlessness attendant upon the troublesome Arab-Jew situation.

Civil courts were empowered to inflict capital punishment for a variety of offences, including firing on the military, bomb-throwing, armed robbery, kidnapping, harbors or on railways, damaging communication of the telegraph, and endangering the safety of ships and trains.

To protect his deaf white cat, a London resident has placed huge "Deaf" signs on the cat's sides.

GREEN WORM INVASION IN LAKE CITIES

Port Arthur and Fort William Hit By Caterpillar Scourge

PORT ARTHUR, June 15.—Army worms or tent caterpillars, in their march across northern Ontario, have entered the city limits of Port Arthur and Fort William in thousands.

Myriads of the small, green worms have covered the cities from the nearby districts, where they have been reported devouring all vegetation during the past week. Popular trees have suffered particularly.

Alarmed citizens have made preparations to combat the insects if they enter flower and vegetable gardens, but so far damage done inside the city limits has been confined to popular groves in the unsettled areas.

Farming operations have been well-nigh suspended of necessity in some districts because of the caterpillars. They have infested pastures so cattle would not eat. Hay supplies are almost exhausted.

Features EATON'S SUMMER PREPARATIONS! TUESDAY

Read All About It in An EATON'S Flier Out Today

Did you ever—

- ... Miss a swimming party because you didn't have a bathing suit?
- ... Shiver through a night at camp because you didn't have enough blankets?
- ... Upset your hostess' household arrangements because you only brought two slips and had to be forever washing one of them?

The list could go on indefinitely. Summer is happy, glorious, carefree ONLY if you're prepared for it. So look over this latest Flier. It reminds you of Summer needs—then quotes special prices, making it easy for you to buy them RIGHT AT THE BEGINNING OF THE SEASON.

EATON'S Opportunity Day

Tuesday, June 16th

Over 150 Specials Not Advertised in the Daily Papers will be Found in Our Flier

The news is out—and it's well worth reading. The news of another great shopping day at EATON'S! This time we highlight Summer Preparations. Come down town early—return home ready for a grand summer. Watch for the "Opportunity Day" tickets throughout the Store Tuesday.

This EATON Flier is being delivered throughout greater Edmonton today. If you have not received your copy by 6:30 this evening, phone 9-1-2-3-1.
